NUMBER 3.

ARMY OF 4,800,000 BY NEXT SUMMER

General March, in Explaining Army Estimates, Outlines American Intention.

Washington, Sept. 18.—An army of 4,800,000 by next July, after all deductions have been made for casualties and rejections, is what the engaged American military program calls for. General March explained to the house appropriations committee today in discussing the new billion dollar army estimates.

There are now about 3,200,000 men in the army, General March said, and the plan is to call 2,700,000 of the new registrants to the colors between now and July.

General March said that cash appropriations for the whole \$7,000,000, would be necessary, as practically all of the additional money would be expended in the next year.

Chairman Sherry, emphasizing the need of economy in cash appropriations, said congress would doubtless appropriate all money needed but intimated that the new appropriations almost equal the amount to be expended by the pending war revenue.

Provost Marshal General Crowder outlined the need of \$23,617,000 for classification and other work due to extension of the draft.

General Crowder estimated that 2,700,000 men to be called the next year will be obtained from 19 to 20 years and 32 to 33 years. General Crowder informed the committee regarding the monthly call of men into the army, but the call was withheld from the record.

Adjutant General Harris did not appear before the committee today, probably will appear tomorrow.

ON JOY RIDING?
SUNDAYS A SUCCESS.

The "Non Joy Riding" Sundays signed to save gasoline to provide increased supply for use of our army and that our Allies are so glad as a thorough success by the S. Fuel Administration. From the White House cars which carry President Wilson to the smallest "ever" in the land, America's automobiles on Sundays are doing a war service by remaining idle.

Each car owner constituted himself a "Non Joy Rider" and demonstrated that a request from the government for co-operation to aid the war is fully effective.

With automobiles idle, various transportation methods were substituted. President Wilson, who led the country in gasoline conservation, went to church last Sunday in an ancient White House carriage, behind a pair of horses. His police escort, usually mounted on high powered motorcycles, rode bicycles.

Many people have asked whether automobile should be used in going to church. The Fuel Administration answers that where the church is reached in any other way, the automobile should not be used and after all, the conscience of each citizen will be held his best guide.

It is reported that in a great many cases the proprietors of hotels and restaurants in outlying districts and many operators of soda fountains in towns have refused to serve pleasure seeking customers who drove out in automobiles. Taxi cab operators in cities refused to serve pleasure seekers or to take passengers except at current rates. They declined all early and pleasure trips. Patrons might seeing cars have been made feel that by riding on Sunday they were violating the Fuel Administration's quest just as much as the man who drives his own car.

JACKSON COUNTY REGISTRATION.

In the Federal Registration on Sept. 18, the total registration of Jackson county was 2321. The official estimate the probable registration given out in advance was 1707, the county there exceeded the estimate by 614 per cent.

The Local Board is busily engaged sending out questionnaires to the registrants, those of the 19-21 and 31-class going out first. About 800 questionnaires have been sent out to date.

BELGIAN-FRENCH CLOTHES CAMPAIGN STARTS SOON.

Ten million imprisoned people in occupied Belgium and France "are facing shame, suffering disease and some of them death for the lack of clothing this winter," and every Red Cross chapter in the United States during the week of September 23 to 30 is mustering its forces now for the collection of garments for their relief.

The American Red Cross chapters in the Gulf Division—Louisiana, Mississippi and Alabama—have been called upon to furnish at least 150 tons of clothes. With nearly 300 chapters in the three states, it is confidently expected the Gulf Division will double the call and send 300 tons.

The Red Cross headquarters at Washington received definite word of the plight of Belgium and Northern France in this cablegram from Herbert Hoover, the Food Administrator, while he was on his trip abroad: Henry P. Davison, Chairman Red Cross War Council.

Washington, D. C.—The ten million imprisoned people in occupied Belgium and France are facing shame, suffering, disease and some of them death for lack of clothing this winter. They must be helped. I hope that the Red Cross will undertake a renewed campaign to obtain this clothing in America. It can come only from us. Your first campaign yielded magnificent results, bringing in fully 5,000 tons of clothing in good condition. But much more is needed if these war-ravaged people are to get through the winter in decency and safety. In the face of brutal coercion and spiritual suffering they remain splendidly courageous. This courage challenges our charity. Let us match the courage of Belgium by the generosity of America. Signed Herbert Hoover.

Here is Mr. Davison's letter to Mr. Hoover: My dear Mr. Hoover: Your cablegram regarding the collection of used and surplus clothing for 10,000,000 imprisoned people in occupied Belgium and France is a call to the Red Cross to assist again in the relief of this stricken population. We have set aside the week of September 23-30 for a special campaign for this purpose. As the need is greater than ever, it is certain that the people of the country will respond even more generously than before. Your appeal has been sent to our chapters through our Divisional organization, and our workers, we feel sure, will be glad to know that they can again be of service in this way. Cordially yours, (Signed) H. P. Davison.

MR. PIAGGIO MAKES CITY SPLENDID OFFER.

Mr. Henry Piaggio of the International Shipbuilding Co. has again demonstrated his well known generosity and friendship for Pascagoula in offering his assistance to the city in the erection of a new school building.

On account of the large influx of new families in town the school facilities, already merely taxed, have this year been virtually overwhelmed. The chief increase in school children comes from International Shipyard Addition, where several hundred houses have already been built and occupied, and hundreds more building and to be built. This necessitates the erection of a new school building to relieve the strain on the Central High school and the Beach school. Knowing the city's lack of finances for the undertaking, Mr. Piaggio has patriotically volunteered to furnish the necessary lumber delivered on the ground, and at cost, giving the city until January, 1920, to pay for same.

JACKSON COUNTY BOYS IN FRANCE

Original Roster of the Pascagoula Company Which was First to Volunteer.

Postal cards received by the home folks here early this week carries the information of the safe arrival overseas of the Jackson county boys composing old Troop A Cavalry, now Co. B. 114th Ammunition Train. While many others have gone to France from this county and many more will likely go before the Hun gets what is coming to him and the war is won, the hearts of a large number of the people of Pascagoula and elsewhere in Jackson county are wrapped up in that patriotic band of young men who answered the nation's first call and offered all to their country.

The subjoined original roster of Troop A was furnished us by Major L. E. Cox, with the comment following same:

CITY COUNCIL.

The Mayor and Board of Aldermen met Tuesday night in adjourned session.

Mr. L. G. Blodgett made a proposition, which was accepted, to put in a 2 1/2 inch main on Washington street from the Gibbons place to the Shannon place, 3200 feet in all, to connect with the Beach waterworks. Property owners along the line are to be granted, with Mr. Blodgett's permission, the right to connect therewith by paying necessary costs. The object in leaving the decision as to who shall connect with the main in Mr. Blodgett's hands is to prevent overtaxing the line. The main is to revert to the ownership of the city at the end of two years.

The resignation of J. A. Browne as city marshal was filed and accepted. Mr. W. J. Brunson was appointed marshal to fill out the unexpired term at a salary of \$75 per month. He was also appointed pound keeper and allowed to retain such fees as collected from this office.

M. M. Watkins, as city auditor, was directed to audit the books of the retiring city marshal.

Action on the request of C. S. Merriweather, that the office of police justice be created, was deferred until next meeting.

Mayor was authorized to secure bids for flooring and ceiling for two basement class rooms at the Central High School, also for heating and ventilating same.

Alderman Lewis reported the offer of the International Shipbuilding Co. to furnish necessary lumber on the ground and at cost for the erection of the contemplated school building at the International Addition, giving the city until 1920 to pay for same. Mr. M. M. Watkins offered the city the choice of several lots upon which to erect the school building, giving the city a year in which to pay for same.

Mr. Arthur Allen, president of the city school board, was present and stated the necessity of a raise in the salaries of the city teachers. The matter was referred back to the school board for action.

Ordinances relative to licensing chauffeurs and the operation of street cars were adopted. These appear elsewhere in this issue.

The board then adjourned until Sept. 24 at 8 o'clock.

JEWISH RELIEF DAY.

Three million people of the Jewish religion in the war zone of Europe are on the verge of starvation and are crying for aid. Their fate has aroused the sympathy of the world and their appeal is to the hearts of all men. Recognizing this fact, the Governor of Mississippi has issued a proclamation setting aside September 23 as Jewish Relief Day, when a State-wide campaign will be launched and continued three days. The people of Jackson county have ever responded to the cry of distress and will do their full share in this great cause. Proper committees will solicit contributions, the work being under the direction of the State committee, of which Mr. J. Hirsch of Vicksburg is chairman.

W.S.S.—
The above is the original roster of the Jackson county volunteers, who over-furnished the quota for the county. Some of the noble boys were rejected by the State, others in final examination by the U. S. Government. But they were volunteers and did their best. The others, God bless and spare them to their loved ones at home, are "over there" and soon will be on the battlefields of France to show the Huns that they are 100 per cent American. I know they will recall my instructions while their major, "Give them hell, boys; remember the Belgian women and children, for the only good Hun is a dead one."

CITY SCHOOLS OPENED MONDAY

All Schools Except the Colored Show a Largely Increased Attendance.

The city public schools opened the 1918-19 session Monday morning. The opening was attended with very little ceremony and as soon as organized both teachers and children got right down to work.

The enrollment at Central school exceeds 350, an increase of about 100 pupils over last year. Beach school has an enrollment of about 140, a 100 per cent increase over last session. Lake Avenue, with 84 enrolled, is also a 100 per cent increase. The colored school, with about 125 enrolled, shows only a slight increase over last year.

Following are the teachers in the various schools:

Central High School.

Prof. S. P. Walker, superintendent.

Prof. J. H. Thompson, principal.

Mrs. Alice Hull, other high school grades.

Miss Marie Rourke, seventh grade.

Miss Rachel McLaurin, sixth grade.

Mrs. S. P. Walker, fifth grade.

Miss Archie Quinn, fourth grade.

Miss Hattie Belle Merriweather, third grade.

Miss Leona Nelson, second grade.

Miss Janie McCoy, primary.

Mrs. Clara B. Evans, music.

MRS. H. K. GRANT.

Mrs. Marie Louise Grant, wife of Capt. H. K. Grant, died at the family residence on Lake Yazoo Wednesday evening at 9:55 o'clock. She had been in poor health for several months, but her death came suddenly and was a great shock to her family and friends.

The funeral took place Thursday afternoon from her late residence, proceeding to Our Lady of Victories church and thence to Pascagoula Cemetery for interment. Father B. O'Reilly officiated at the services both at the church and cemetery.

Mrs. Grant was a native of Pascagoula, being the daughter of H. M. Krebs, a pioneer merchant of this city, and a lineal descendant of Francisco Krebs, who in 1720 married the daughter of Col. Dupont, the first settler of Pascagoula. Besides her husband she leaves four children, Mrs. B. J. Larsen and Misses Lucy and Adele Grant of this city, and Harry Grant of New Mexico. Also two sisters, Mrs. Alice Sarazin of New Orleans and Miss Adele Grant of this city, besides a large number of other relatives in Mississippi and Louisiana.

"MERCY DRIVE" GREAT SUCCESS.

The ladies who conducted the "Mercy Drive" last Saturday afternoon for the benefit of the allied hospitals in France desire to thank the patriotic citizens for their liberal contributions. Special thanks are due to the shipworkers of our city for their assistance in this work of mercy. The amount contributed was something over five hundred dollars. The committee having this drive in charge take this opportunity to thank the Carpenters Union, Local No. 1760, for the use of the flags of the Allies in decorating, and the Pascagoula St. Railway & Power Co. for the use of the Pagoda as their headquarters. Also several gentlemen from Moss Point who so kindly contributed.

The following ladies assisted in this noble work: Meses. George Holister, W. H. Laddner, Frank Cummings, J. W. Frelsen, Eugene Cummings, P. H. Schrieber, Joe Znk, Frank Lewis, W. D. Cowgill, J. R. Watts, T. B. Kell, Misses Grace Denny, Ollie Ford, Helen Franck, Artinez Robinson, Alice Blodgett, Billie Gessman, Ivan Johnson, Hazel Chidsey, Marie Ford, Grace Hovey, Elvie Schrieber and Jean Martin.

BETRAYAL OF RUMANIA BARED.

U. S. Government Shows How Lenin, Trotsky and Comrades Worked for Huns.

Washington, Sept. 18.—The betrayal of Rumania and elaborate advance plans of Germany and her Russian Bolshevik tools for suppressing and murdering loyal Rumanians, Russians and Poles are exposed in detail in today's chapter of the astounding secret Russian documents which the American government is giving to the public.

Other installments of the series have described how the Bolshevik leaders, Lenin and Trotsky and their assistants, were bought by the Germans for millions in gold and engineered their bloody overthrow of Russia for the benefit of their masters. Now the story is told of how, while the Brest-Litovsk peace conference farce still was in progress, the Bolsheviks were sending hired agents into Rumania to disorganize the armies of Russia's ally, dethrone the Rumanian king and turn loose the German armies occupied there for service in a great offensive on the western front.

The second phase of the latest disclosure shows the Bolsheviks, at German direction, undertaking not only to kill refractory Russian generals, but to shoot, individually and wholesale, Polish soldiers who were refusing to be sold to the Germans and patriotically keeping the field against their enemies. One of the documents transmits orders from the German intelligence bureau to "take most decisive measures, up to shooting en masse, Polish troops," and to institute surveillance of institutions and persons, including the Roman Catholic Polish clergy. Explanatory notes by Edgar Sisson, who obtained the documents, add many details lacking in the papers themselves, including a story of how the Rumanian minister barely escaped assassination, was arrested by the Bolsheviks and released through the efforts of Ambassador Francis and other diplomats.

W.S.S.—
CITY BEAUTIFUL.

By Martin Turnbull.

Beautiful buildings and dignified parks are manifestations of public welfare. Shade trees with beds of flowers enhance the attractiveness of public squares and front yards. For a better Pascagoula it behooves our enterprising citizens to take an active interest in roses and shrubbery, vines and trees.

The tower clock is one of the popular features of progressive cities. The question is frequently asked by the passerby "What time is it?" A large clock set up over the entrance to the courthouse would prove not only useful, but an ornament. Our best abilities should always be devoted to the upbuilding of civic improvement.

Pascagoula is going over the top on the 28th for the Fourth Liberty Bond. This is the message that shall be sent to our boys "over there."

Many splendid boys of this port have entered military training schools to prepare for future world service. Each and every one being ambitious to serve Uncle Sam, intelligently, conscientiously and faithfully.

Opportunity is knocking at our door. Open wide the best harbor in the South to our merchantmen. Ships coming and going means prosperity for all.

Invest in Government securities and help win the war should resound in the ear of every one. Extravagant use of sugar, waste and carelessness must be discontinued at once. A patriotic family of Pascagoula is apportioning its sugar allowance so as to keep within the limit and do without, if needs be.

Be snappy and keep the home in fair weather condition. Cultivation of good manners indoors shows up well in the atmosphere—force of habit—pretty at all times.

If appreciative of the good things of life draw up a card of thanks to Uncle Sam for inaugurating industrial work at Pascagoula.

The vanilla bean is naturally a Mexican product. The spicy odor of the beans throw off a pleasant perfume, full of delicious flavor. Cultivate the vanilla plant on the sea coast and enjoy its commercial value.

CHAPTER ROOM.

The Chapter room of the Pascagoula Chapter American Red Cross has been completed, and with its fresh coat of white paint makes a very attractive addition to the city. Mr. F. H. Lewis, in his usual public spirited manner, presented the Chapter with a fire insurance policy of \$500.00 on the building.

The Chapter expects to take formal occupancy of the building one day this week, when they will entertain all their friends at a silver tea.

BASE BALL.

One of the largest crowds of the season saw the game at Dierks-Blodgett park Sunday between the Internationals and Dantizers. The game was a pitchers' battle between Dixie Walker for the home team and Bill Bailey of the visitors. But for an error of omission on the part of the Internationals' third baseman, who failed to touch up third for a force-out, playing for the man at second instead, the game might be going on yet. This oversight resulted immediately after in a run, the lone one of the game. Final score: Dantizer 1, International 0.

The Dierks-Blodgett team went up to Mobile and took their old friends, Alabama Dry Docks Co. into camp to the tune of 15 to 10 in an old-fashioned slugging match. Robertson and Stock collaborated in fattening Dierks-Blodgett's batting average, while Ching got to bouncing so many hits off the Alabama bats along in the seventh and eighth innings that Allison had to be called in to do the rescue act. Dierks-Blodgett has a clean slate off both Mobile teams this year, winning all games played.
